- Easy cleaning with self-cleaning catalytic side panels
- Even convection heating on every shelf

DIMENSIONS

Height	595 mm
Width	595 mm
Depth	568 mm

FEATURES & BENEFITS

Steam assisted cooking

Expand your cooking capabilities with two basic steam assist functions, Bake+Steam and Vegetables+Steam. These functions use water poured into the oven cavity to create humidity in your oven, for the perfect crispy crust, deliciously moist cake or crunchy vegetables – cooking evenly and quickly while preserving flavour and nutrients.

Healthier cooking with Air Fry

The options are endless with our dedicated Air Fry oven function. Re-create your favourite fried foods with less oil, or discover healthier recipes with a satisfying crunch.

Versatile oven functions

Seven specialised cooking functions help you to cook a range of dishes, including Pizza and Pastry for a perfectly cooked base or golden pastry crust.

Intuitive control

Simple dials and a convenient touch display provide easy and convenient control over your cooking. Time your cooking effortlessly using the minute timer or program your cooking duration.

Elevated Design

Strong and absolute, our monochromatic black glass oven can recede into dark kitchen environments or create a point of contrast to lighter tones. A linear square handle adds a refined finish to complement modern kitchen designs.

Easy cleaning

Self-cleaning catalytic side panels in the oven help to absorb and break down fat and splatters during cooking. The oven door and inner glass can also be removed for full access to the interior when cleaning.

Considered features

Designed for effortless handling, this oven has a soft-close door, telescopic shelf runners and a triple-glazed glass door that remains safe to touch from the outside.

SPECIFICATIONS

Accessories (included)
